To

The Chief Secretary to the
Government H. H. the Maharaja of Mysore,
Bangalore.

Sir,

With reference to Government Order No. 5998-9-Med-88-16-8, dated 15th March 1917, recording my report regarding the death of 3rd Class Sub Assistant Surgeon G. Mohideen Hussain, I have the honor to forward herewith, a copy of an application received from Mariam Begam, widow of the deceased (addressed to the Health Officer and received in my office through the Sanitary Commissioner), praying for the grant of an extraordinary pension to her for the maintenance of the family.

From the enclosed copy of the Mysore City Health Officer's letter No.23, dated 20th July 1917, it may fairly be presumed that the Sub Assistant Surgeon, after rendering a service of only 8 years, died of Plague caught in the discharge of his duties which entailed imminent risk of infection, as defined in Article 391 of the Mysore Service Regulations.

It is reported that the deceased has left 6 children, 5 of whom are boys aged 13, 11, 9, 7 and 5 respectively and a girl, born a couple of months after the death of the Sub-Assistant Surgeon. After meeting the cost of a house, the balance of the Life Insurance money is said to have been almost spent in maintaining the family and educating the boys, there being no other means to fall back upon.

Enclosure No. Two

Subject.

Recommending the grant of an extraordinary pension to the late Lieut. Col. 3rd Class Sub Assistant Surgeon, late Civil Surgeon of the E. D. Hospital, Mysore, who died of plague while in the execution of his Service

Under the circumstances I recommend that Government may be pleased to grant to the eldest surviving son of the deceased, under Article 400 (b) (ii), such Extraordinary pension as the family may be deemed to deserve in accordance with the provisions of Article 398(iii) of the Mysore Service Regulations.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Letter No. 23, dated 20th July 1917, from the Health Officer, Mysore City, to the Senior Surgeon in Mysore.

---ooo---

"In reply to your No.5993, dated the 27th June 1917 and the subsequent reminder thereon, I have the honor to report that there were four Plague patients in the E. D. Hospital just before the illness of the late Sub Assistant Surgeon. G. Mohadin Hussain, who was in charge at the time, and as he was dressing the discharging plague-bubo patients (1) it is quite possible that he took the plague infection into the respiratory organs through fly or flies, which had previously settled on some discharge from the bubo, settling over his nostrils of which he was not aware to disinfect himself or it is quite likely that he inhaled some of the infected dust blown about from the wards when he was moving about from bed to bed.

He was ill for three days only and fell a victim to pneumonic plague. During his illness he was all along attended to by Dr. E. S. Krishnaswamy Iyer, Civil Surgeon, General Hos pital, Mysore, who confirmed his diagonisis by making a microscopic examination of the sputum.

There were no cases of Plague any where near his residence in the city, and this goes to prove further that he took theinfection in the hospital alone but not elsewhere.

As he took the infection in the discharge of his duties, it is but right to recommend his poor family whose case seems to be very pitiable and highly deserving, for an extraordinary pension."

"C o p y"

Senior Surgeon,

Application, dated 25th June 1917, from Mariam Begum, Widow of late Sub Assistant Surgeon G. Mohadeen Hussain, to the Health Officer, Mysore City.

I am in receipt of your very kind intimation No.1233 of 21st instant, stating that the Secretary, Mysore State Life Insurance Committee has been written to that no amount is due to the Municipality from my late husband Mr. Gulam Mohadin Hussain, Sub Assistant Surgeon, Epidemic Diseases Hospital, Mysore and myself and my young children are very greatful to you for the kindness.

I now beg to approach you with another representation which I beg will receive your most sympathetic consideration and will not weary your patience.

As I represented to you my last, I am left a widow with 5 boys and 1 girl to rear up and educate and it is needless for me to submit that a respectable Mussalman Gosha woman -requires more assistance than any body else in the management of her family.

You are aware, respected sir, that my late young husband caught the plague infection while on public duty in the Epidemic Diseases Hospital and succumbed in its cruel hands. I am also sure that as a subordinate of yours he never swerved from public duty and as such is deserving of your benign consideration.

I therefore beg that you will begracious enough to recommend to the charitable consideration of the Sanitary Commissioner and the Senior Surgeon if necessary, for the grant of suitable scholarships to my young children for their education.

I also expect that if you should take up their cause, Government will view the prayer with due consideration.

Ever praying for your continued prosperity.
